Alumni Testimonials

“

ENCORE felt like a summer dream
— a place where everyone grows, explores,
and falls in love with music again.

“

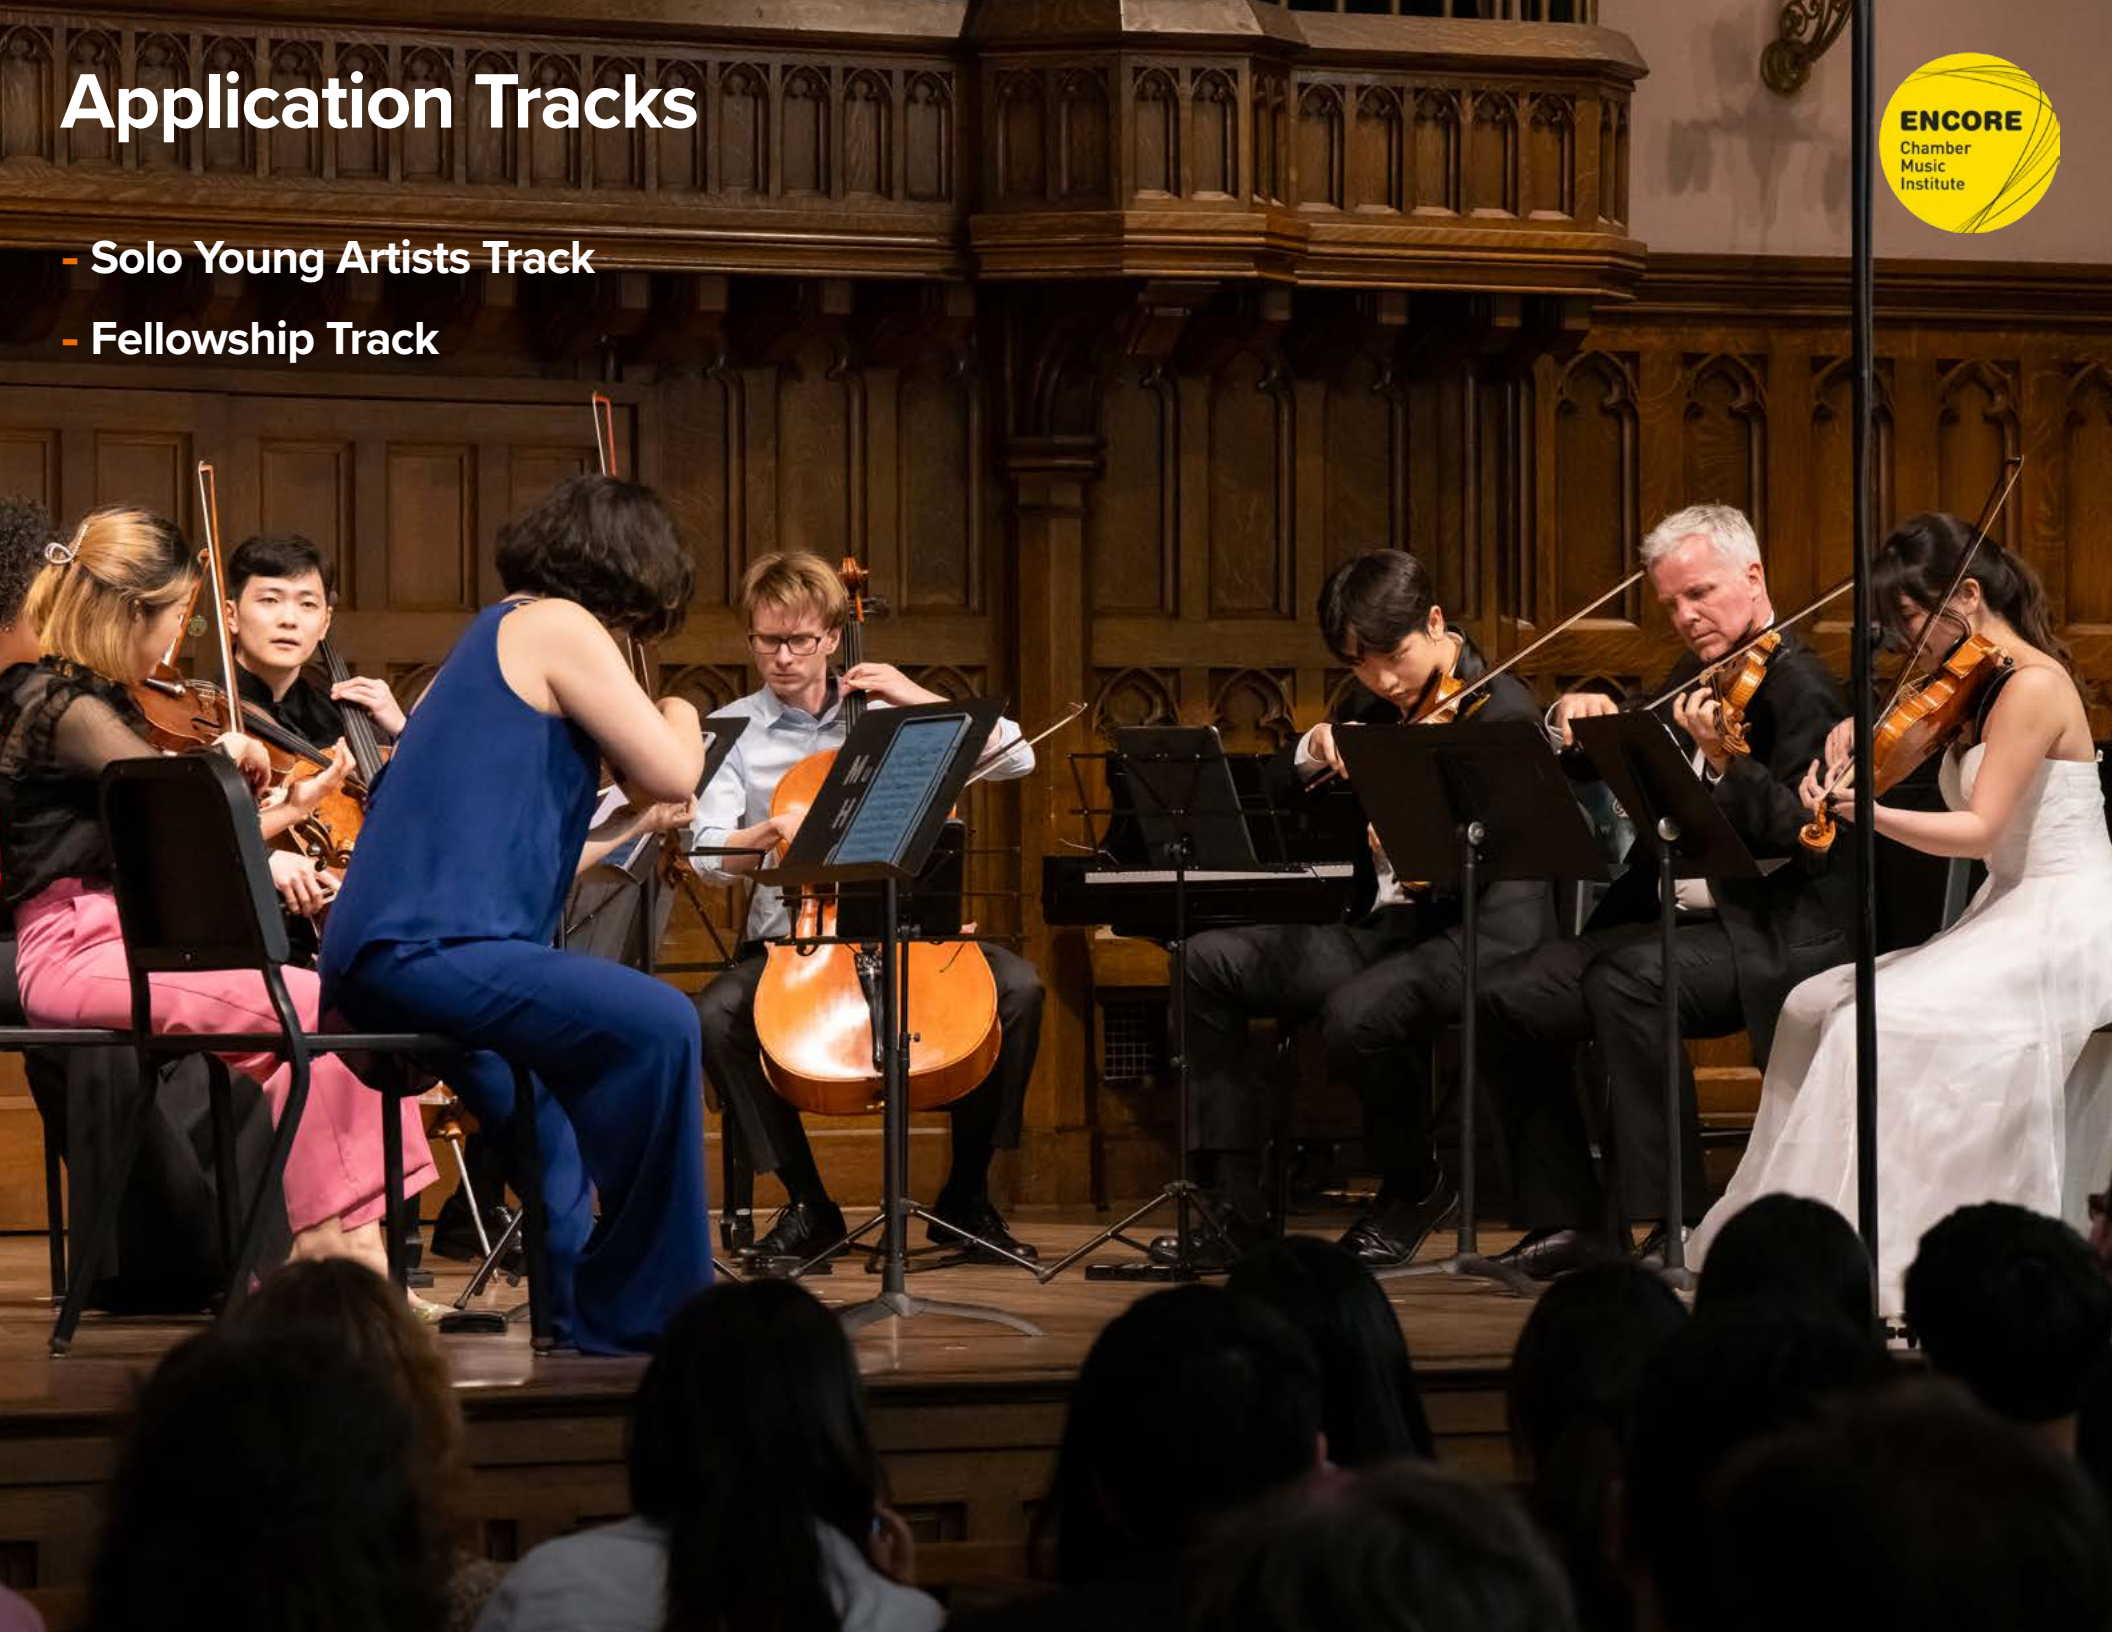

Beyond the world-class faculty and stunning performances,
what makes ENCORE exceptional are the people—the warmth,
camaraderie, and genuine connections that make learning happen
naturally through conversation, laughter, and music.

“

I met peers and educators who transformed my relationship with my instrument. A thoughtful community led by artists who truly care for the next generation, ENCORE is a special place for young musicians to grow and be inspired.
